## Metal Bleachers / Seating

**Spectators seating**  
 Pour mold craft with PP material  
 ● Easy installation and good looking  
 ● The design eases the comfort of the human body  
 ● The drain hole design guarantees no water accumulation on the surface

**Applicable to any terrain**

**Meet different functional requirements**

The adjustable supporting leg makes the grandstand always in a horizontal state when on the slope or uneven ground.

Aneasy Metal Structural Bleacher Seating System can configure functional modules according to the on-site requirements, in addition to meet the basic needs of the spectators.
